Kit content

Please check if all parts are delivered.

- 4 Swappable LED's (red, green, yellow and blue) including batteries
- Main kit (2 parts)
- Mist divider
- 2 cotton swabs

Setting up the kit

A short video of how to set-up the kit can be found at our YouTube channel:

youtube.com/@WastelandIndustries

- Fill the water container with water to the **MAX sign** inside the container.
- Soak 1 of the 2 cotton swaps for **at least 5 minutes** in the water.
- Insert the cotton swap into the main units bottom and press to make sure the cotton swap is inserted all the way.

- You can now operate the MistMaker by simply pressing the black button on top
 - o Press 1 time for max mist
 - o Press again for medium mist
 - o Press again for minimal mist
 - o Press again to turn off the machine

IMPORTANT NOTE!! Never run the machine without water in the container this will damage the machine!!

Inserting the LED

The machine is delivered with 4 Swappable LED's (red, green, yellow and blue) including batteries for extra effect. Using the LED's is very simple.

- Insert the battery into the led with the + facing down

- Make sure to push the battery all the way in
- Turn the led on/off by clicking the small black button on top of the LED

- Place the LED in the holder on top of the MistMaker

Manual Disclaimer

This User Manual—including all illustrations, text, specifications, and data—is based on the most current information available at the time of publication. Every effort has been made to ensure accuracy in its creation and verification.

As Wasteland Industries continually strives to provide updated and state-of-the-art products, technical modifications or improvements may be made over time. As a result, the information in this User Manual may change without notice.

Wasteland Industries has taken care to ensure the accuracy of the information provided, but assumes no responsibility for actions taken based on the contents of this manual, nor for any errors, omissions, misinterpretations, or resulting damages—direct or consequential—arising from the use or reliance on this manual or the products referenced within it.

If you notice that certain technical features or the appearance of your product differ from what is described in this manual, please contact Wasteland Industries.

Disclaimer of Liability:

Wasteland Industries disclaims all responsibility and liability for any property damage, personal injury, or other harm arising from or related to the use, misuse, or improper operation of the Wasteland Industries Mistmaker. By operating this device, the user acknowledges, understands, and accepts all risks described in the accompanying safety guidelines and instruction manual.

It is the sole responsibility of the user to ensure that the Mistmaker is operated in a safe, lawful, and appropriate manner, and to exercise sound judgment with regard to all safety precautions.

Wasteland Industries makes no warranties, express or implied, regarding the safety or suitability of the device when used contrary to the instructions provided.

Individuals who are unwilling or unable to accept the risks associated with the operation of this device are advised to discontinue use immediately and return the product to Wasteland Industries for a full refund, subject to applicable return policies.

Again thank you for purchasing a Wasteland Industries kit and please do send us a picture of your project or tag us in your social media post!
